Search Notes

Attached are the search results for the brain development kit, including prior art searches in foreign and international patent databases; education, product, and general news non-patent literature databases; and the Web via the Google and ERIC (government education clearinghouse) search engines.

Also attached is a search feedback form. Completion of the form is voluntary. Your completing this form would help us improve our search services.

I hope the attached information is useful. Please feel free to contact me (phone 305-5934 or email jeanne.horrigan@uspto.gov) if you have any questions or need additional searching on this application.
